

# Subby Tank

The revolutionary storage solution in containers.

## The Polyworld difference

- revolutionary storage solution
- strongest horizontal tank available
- stackable in containers
- above or under ground storage
- high chemical resistance

Talk to Polyworld today for professional advice and custom solutions for all your water storage and transportation requirements.

# Subby

If you have a liquid storage problem in a remote area, the Subby is your solution. It conveniently fits a 6 or 12 metre shipping container, so it can be easily site established even double or triple stacked.

The Subby is modular and can be manufactured in any configuration of hemispheres and centre cylinders.

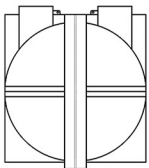

Extra strong, ideal for water or sewerage treatment.

We also do **ultra-heavy duty** underground storage, using a massive double wall HDPE pipe - 40,000L and bigger.

### Single Sphere

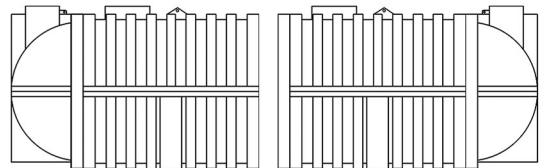

**4000L**  
2.1W x 1.8L x 2.0H  
150kg  
2 manholes

### Single Tank

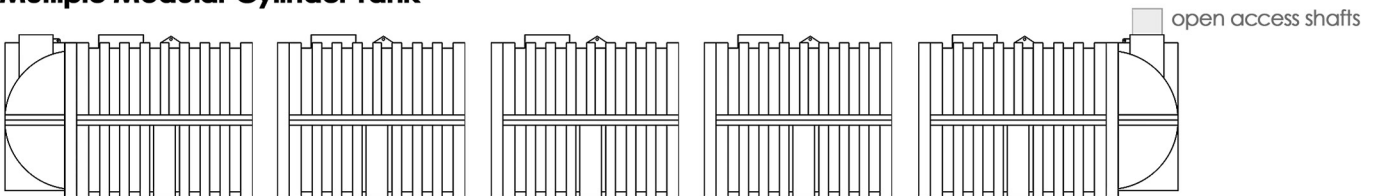

**10,000L**  
2.1W x 3.8L x 2.0H  
300kg  
3 manholes

### Double Cylinder Tank

**16,000L**  
2.1W x 5.8L x 2.0H  
500kg  
4 manholes | 2 compartments  
optional 6 metre construction

### Multiple Modular Cylinder Tank

**34,000L**  
2.1W x 11.8L x 2.0H  
1100kg  
7 manholes | 4 compartments  
optional 12 metre construction

### Optional Extras

- lid, ring and breather
- custom outlets, valves and camlocks
- secured into container
- new containers available
- fitted diesel transfer pump
- free standing or containerised
